

## Who We Are

West 8 Software Apps Ltd. is a Canadian company located in Vancouver, BC, Canada. West 8 Software Apps Ltd complies with Canadian privacy laws. We are fully compliant with the Canadian privacy laws and the GDPR. The European Union (“EU”) recognizes Canada as a destination country with “adequate level of protection” for data privacy of individuals. We are not U.S.- EU Privacy Shield certified since we are a Canadian company.

## Privacy Overview

West 8 Software Apps Ltd. is committed to the privacy and security of your data. Our goal is to help you personalize, use and find your pictures in an easy, quick and user-friendly way.

## You own the data

We do not own your data. Entering your personal description into FindMyPics does not change that content's ownership or copyright status. By using our product, you can give FindMyPics permission to access your photo library in order to associate selected images to any personal descriptions you enter. Your photos are by no means tampered, modified or deleted whenever selected and associated to any personal descriptions entered. Other than giving us the permission to perform these limited operations so we can run the FindMyPics app, you retain all the rights to your data.

## Data is Protected

Everything you save into FindMyPics is private by default. We are not a **big-data** company and do not try to make money from your content. This means that trust is our biggest asset and keeping your data private is fundamental. The data you enter is not published online and there isn't any feature in the FindMyPics app to do so. Any personal description you enter is saved locally on your device.
